UNIFIED SCHOOLS

Special Olympics Minnesota's Unified Schools program is an education and sports based strategy powered by an engaged youth community. The program aims to increase athletic and leadership opportunities for students with and without intellectual disabilities, while creating inclusive school communities.

97%

of school liaisons reported Unified Champion Schools increased opportunities of all abilities to work together.

95%

of schools reported Unified programs made a difference in reducing bullying, teasing and use of offensive language.

“Special Olympics Minnesota helped us grow our Unified and inclusive programming exponentially with its resources and reach. Not only does this empower teachers and students, but we know we have cheerleaders with us every step of the way.”

- Suzi Pierce Fish, Special Education Teacher at Shakopee High School
